

Dear colleagues,

My term of three years, as a board member, ends this year. I want to present myself for re-election.

In the past I was president of the GNRPO. I attended a lot of meetings of EFO and FORE as the Belgian delegate.

In 2011 I was elected for the first time in the EFO board.

As you know, I function for a long time in the EFO board, first as a normal board member, afterwards as General Secretary.

I was one of the interlocutors, who arranged the merge between EFO and FORE.

In Athens I was elected for the first time as board-member of the EFFO. Since long I am responsible for foreign affairs.

I yearly arrange the EFFO official business. Regularly contacts with the notary and the accountant helps me to see that the EFFO-secretariat is compliant with Belgian law.

The contact with the members is a priority for me. As you know I speak four languages, what makes conversations easier.

So, if you want that I continue my job as a board-member you have to vote me in.
