Treasurer report AGM 2021

Good morning everybody,

I am pleased to welcome you to my treasurer's report for the year 2020.

As you can all see, the EFFO's finances are in good health, this is due partly to important traveling cost reduction due to the COVID pandemic. The income did remain stable despite the exclusion of the FESIO (Italy) for non-payment of the subscription 2020.

We are building our reserve as announced in the 2021 budget in sept 2020.

The subscription for 2021 will remain the same.

Thank you for your attention.

Dimitri Boulenger D.O.
Treasurer
